

# *Turkish Reservist Will be Interned.*

---

## *Austrian Seen Prowling Near Munitions Factory is Remanded*

---

Two alien enemies, Paul Marto, an Austrian, and Ahmed Hande, a Turk, appeared before Col. Grasett, Registrar of Alien Enemies, to-day. The former was remanded for a week for investigation, while the other was interned.

The Turk had asked for an exeat. He stated that he had been born in Constantinople, was a Turkish army reservist, was out of funds and had no employment. He wished to go across to the United States to try to secure work. The Chief of Police was of the opinion that it would be dangerous to allow the Oriental at large and as a precautionary measure ordered his internment.

Marto was arrested by P. C. Hess yesterday prowling around a munition factory in the west end of the city. The Austrian's explanation of his presence near the factory did not satisfy the constable. To the Registrar to-day the Austrian said that he was just walking round the factory and had no evil intentions. The police were given a week to learn more about the man.
