GODSPEED TO ITALIANS.

Enthusiastic Farewell Given to Reservists Leaving North Bay.

(Special Despatch to The Globe.)

North Bay, Aug. 29.—One of the biggest spontaneous ovations ever tendered to departing soldiers took place to-night, when a party of Italian reservists left for the front. The parade was led by the Italian band, which played patriotic airs of the allies. There was a profusion of flags and banners carried by old and young, and the patriotism displayed was the kind the Italians excel in. There were thousands of English friends at the station to wish them Godspeed. Since the declaration of war with Turkey practically every Italian reservist in Canada has been called to the colors.
