---

## After Serving Sentence in Prison Will be Held During War

---

Joseph Rohach, an Austrian, who was released from the jail at Brantford, where he had served six months for assisting alien enemies to leave the country, was brought to Toronto to-day by Acting Detective Maurer and taken before Lieut.-Col. Grasett, Registrar of Alien Enemies. The latter decided that it would be wise to take care of Rohach until after the war, and ordered him to be interned.
