

DRAW FULL-RANK PAY

Change Announced for Those Attending School of Instruction.

Special to The Star by a Staff Reporter

Niagara-on-the-Lake, Ont., May 29.
—Lieut.-Col. A. Gregory, Camp Commandant at ~~Petewawa~~, is in conference with Gen. Logie this afternoon, respecting administration at Artillery Camp. Col. Sidney Mewburn, A.A.G., Lt.-Col. Caldwell, Lt.-Col. S. C. Osburn, and Major Milson, will visit Camp Borden Thursday to see how work is progressing. It is likely that this visit foreshadows the general entry of troops into Camp Borden.

The units in Toronto, ready for camp, will most likely go to Camp Borden during the third and fourth weeks in June.

Major Milson, A.D. of S. and T., arrived at Niagara to-day and is one of the busiest men on the staff.

Changes are announced this afternoon by Gen. Logie in the arrangements under which officers and N.C.O.'s attend Schools of Instruction. The order states "Officers and N.C.O.'s regularly appointed to C.E.F. units will on and after May 25th be permitted to draw pay and allowances of rank to which they have been appointed while attending schools of instruction, instead of receiving pay and allowances of a private. This amendment does not apply to supernumerary and attached officers or non-commissioned officers in excess of authorized establishment of a C.E.F. unit. Above amendment takes effect from above date and officers and N.C.O.'s drawing pay and allowance of their rank will continue on pay lists of their own units and will only receive at the school itself such subsistence allowance to which they may be entitled. Care must be taken that only pay and field allowance is claimed by the unit, not rations or subsistence.

Gen. Logie has issued a peremptory order that the "Y.M.C.A. is out of bounds to all troops during drill hours."
