

2 GERMAN PRISONERS FLEE ALBERTA DETENTION CAMP

LETHBRIDGE, Alta., June 16.—Two German prisoners escaped from the detention camp here last evening. The men had just been brought into the compound when the guard turned to report to the officers. On returning it was found that the Germans had climbed the fence. They were thought to have spent the night at Hyslops Bottom, but though many clues have been followed by the Mounted Police, not a sign of the men has been found.
