

HAD NO PAROLE CARDS

Two Alien Suspects Arrested and Interned

Niagara Falls, Ont., December 27.—It is believed that quite a number who were brought from internment camps to work on the Welland ship canal have managed to cross the bridges into the United States. Yesterday two suspects were arrested coming back to Canada and were found not to own parole cards.

As there was suspicion that these men had been collecting money from compatriots and going across the river and sending the money to Austria, the military authorities have interned the pair and sent them to Fort Henry.
