

IMMIGRATION OFFICERS DESERVE COMMENDATION

INSPECTOR REYNOLDS PRAISES THEIR WORK, CONSIDERING ITS MAGNITUDE.

(Special Despatch to The Globe.)

Windsor, Jan. 17.—“Alex. Sullman, the Turk referred to in an article in The Globe to-day as having got by the immigration authorities,” said Traveling Immigration Inspector D. H. Reynolds to-night, “was arrested at Windsor on January 6, 1917, by immigration officers while attempting to leave Canada. When searched papers were found on his person which showed that he had been liberated from an internment camp in July last and permitted to go to Sydney, N.S., to work in the mines there.

“In December Sullman was allowed to go to Hamilton, Ont., on condition that he would report to the Chief Constable there. This he failed to do, and after two weeks’ stay he came to Windsor, where he was arrested, and pleaded guilty. On Tuesday last Sullman appeared before Magistrate Leggatt and was fined \$24.80 or thirty days. He paid the fine, and was placed on a Grand Trunk train to Toronto with transportation to Hamilton, with orders to report to the Chief of Police of the latter city.

“The immigration officers at Windsor are keeping close watch for alien enemies who attempt to leave or enter Canada at Windsor, and deserve commendation for the work they are performing, when it is considered that over 8,000 persons cross the river here almost daily.”

Bullets Ready for Their Billets

Readin’, ‘ritin’ and ‘rithmetic will be ousted from the public school curriculum next week, routed horse, foot and artillery by the silver bullets which are to be sold for silver by the children in aid of the Patriotic Fund and the Red Cross. Mrs. Arthur Van-koughnet is the convener of the committee, which consists of Miss Church, the Mayor’s sister; Mrs. Adam Ballantyne and Miss Marie Macdonell; 90,000 youngsters, in public and private, convent and collegiate schools, will fire the ammunition, and already there is wild rivalry between classes over respective merits as marksmen.

As the main campaign for the Patriotic Fund will not begin till Tuesday morning, the children will have a day’s start, for they are to begin fire on Monday.

Principals and teachers are as keen as their pupils, and Headquarter’s telephone rings madly every hour as they call up to ask “How many bullets are you going to give our school?”

As in the last patriotic campaign the schools’ total was \$18,000, and the children had nothing to sell, it is expected that this year’s total will go vastly beyond. Last year the leading schools were Brown, Technical, Humber-side and Perth.

Sunshine Circle Has Disbanded

The disposal of the much-discussed Sunshine Circle motor car, in which many convalescent soldiers have had enjoyable outings, was the chief consideration at the final meeting of that organization held in the Y. M. C. A. yesterday afternoon with the President, Mrs. Hugh Martin, in the chair. It was voted that \$228 owing on the car be paid and that it be presented to the Tubercular Military Hospital at Freeport, near Kitchener. The words, “For the use of patients,” are to be painted on the doors of the car.

Twenty dollars was voted to the Returned Veterans’ Association, and \$5 for a box to be sent to a sick soldier in England, a son of one of the members of the Circle. The Sunshine Circle then disbanded.
