

FEEBLE-MINDED GET IN

No Real Precautions to Bar Them at Quebec.

Dr. J. T. Page of Quebec addressed the Provincial Association for the Care of the Feeble-minded Thursday in relation to **immigration**. Many nationalities enter Canada, and some of the arrivals were very primitive, with small intelligence. Added to this, the Government did not have a single specialist to make a diagnosis of those coming into the country. When the ships arrived the passengers were examined at the rate of three or four a minute. Such examination was bound to be cursory.

Last June an investigation of the Hamilton schools showed that there were in attendance 25 feeble-minded children and 547 were backward. Nothing had come of the report, it was still in the hands of the educational authorities.

The following officers were elected: Honorary president, Dr. P. H. Bryce, Ottawa; president, Dr. F. J. Conboy, Toronto; vice-presidents, Mrs. A. M. Huestis, Toronto; Miss Rose Patton, Ottawa; J. R. McNeillie, Lindsay; secretary-treasurer, Dr. C. M. Hincks, Toronto.
