

No Complaints Among Aliens.—Interned aliens have had no complaints to make as regards their treatment here, according to American Consul General F. M. Ryder, who stated yesterday that upon relinquishing his supervision over these foreigners he would do so with the satisfaction of knowing that they had been well looked after by the Canadian authorities. Mr. Ryder said that he had made periodic trips to the camp at Brandon and had found everything

In excellent condition on every occasion. He had made a careful examination of the food and had eaten meals there himself, so that he was convinced there were no justifiable complaints on that score.
