

INVESTIGATE REPORT ALIEN HALTS SIGNING CARDS

The government has under advisement the case of a man living at Bird's Hill who has been trying to induce others not to sign national service registration cards, according to E. R. Chapman, director of national service. Mr. Chapman says the authorities will take some action against this man, who is a registered alien.

Mr. Chapman is preparing a list of all men who have not signed the cards and will send it to Ottawa.
