

DID NOT INTEND TO DISOBEY LAW

Alsatian Pleads Technically Guilty—Remanded For Week.

August Dresche, 74 O'Connor street, arrested by the Dominion police on a charge of being an alien enemy and not complying with the Order-in-Council passed three years ago, which makes it obligatory for alien enemies in Canada to report themselves to the registrar, was remanded for a week for trial when he was arraigned in Police Court this morning.

Although Dresche has pleaded guilty technically through his counsel to the charge of failing to report to the registrar, he claims that as he was born in Alsace he believed that he was not regarded as an alien enemy.

There was no intention on his part, he claims, to ignore the Order-in-Council. He was remanded until next week for trial at the request of the Dominion authorities.
