He has been an agitator of the men. The manager refused to reinstate him in response to an ultimatum from the miners. He says he will allow no alien enemy to dictate to him. The operators have violated no clause of their agreement, the manager claims.

According to the popular version, this was the "big surprise" which Premier Lloyd George said last week that the Americans would soon give the Germans.

Washington, April 9. — American aviation officials said to-day that no American airplane had crossed the Atlantic, and they were at a loss to explain reports in England that a machine carrying twelve passengers had landed there from America.
