

## **G.W.V.A. AGAINST HOUSING SCHEME**

### **Resolution to Intern All Enemy Aliens Coming Next Week**

Unanimously against the Government's proposed housing scheme are all the branch Secretaries of the Toronto and York County G.W.V.A. The general feeling appears to be that they have been overlooked. Secretary Ball of the Parkdale branch was of the opinion that the Government should put up a good class of houses and rent them out at the lowest possible rental, letting the payments of rent apply on the purchase price of the house.

Next Tuesday the delegates to the G.W.V.A. convention will be the guests of the Lieutenant-Governor and the Government at a luncheon at Government House.

Representatives to the G.W.V.A. convention next week from the Maritime Provinces will strongly support a resolution passed at a mass meeting held at Halifax, calling on the Government to intern all enemy aliens.
