## New Immigration Bill Aimed Against Them.

Hon. J. A. Calder, Minister of Immigration and Colonization, introduced the Government Immigration Bill in the House yesterday afternoon. In its amendments to the present immigration law, the bill will generally extend restrictions on immigration laws which are now in force. In the first place, the bill extends the time during which immigrants may be deported. Under the law at present, the period is three years. The bill extends the period to five years.

The present law contains a provision defining the responsibilities of transportation companies. The term transportation company is to be ex-

tended so as to include federal and provincial transportation facilities. Thus officials who may be in charge of Government boats will be responsible for the carrying out of the law just as are officials of ordinary transportation companies.

The prohibited classes are also extended under the bill. Those who for physical or mental reasons are not likely to be able to earn their own living will be excluded. A literacy test will be set up and those unable to read will not be permitted entry. Persons will also be excluded who believe in the overthrow of constitutional Government by force or violence and enemy aliens who have been interned or deported from Canada or any allied country.

Under the present law, the Government has power by order-in-council to prohibit certain persons from entering Canada. Government powers in this regard are extended.
