

MONTREAL SOCIALISTS THREATEN "RED WEEK"

MONTREAL, May 3. — Threats that Bolshevik literature will be distributed broadcast over Montreal are made by Frager, chairman of the Socialist conference here. He says next week will be a red week here.

As a sequel to the May Day demonstrations when indiscreet aliens evinced too much sympathy with enemy nations, nine of them have been arrested by Capt. J. N. Carter, registrar of enemy aliens, and are being interned. The men are Austrians who have enjoyed liberty on parole during the war.
