

UKRAINIANS PROTEST

Steps Being Taken to Declare Investigation Board Ultra Vires.

WINNIPEG, May 10.—Ukrainians of the city of Winnipeg have taken steps to start action in the court of King's bench to have the provincial alien investigation board declared ultra vires, and to have the board itself put out of existence. This was announced yesterday by George A. Elliott, K. C., who has been retained to conduct the action. Among his clients who are parties to the petition which will be filed in the King's bench court at once, are some Ukrainians whose sons were killed in the Canadian army in France.
