## Mounted Police Also Seize Literature at Labor Temples in West

(Canadian Press Despatches.)

Calgary, Alta., July 2.—Simultaneous with similar action in the other larger cities of Western Canada, the R.N.W.M.P., acting on the instructions received from Winnipeg, raided the houses of Ald. Broach, President Hooley of the Trades and Labor Council, R. H. Parkyn, J. Sendester and R. J. Tallon, prominent Labor leaders, yesterday and took away documents and books. In Mr. Parkyn's home was seized correspondence in connection with the People's Forum, of which he was President, and long correspondence with the Bishop of Birmingham, who was permitted to pay a visit here. Several books along Socialistic lines were also taken from the several homes raided.

### Didn't Take the Bible.

At Mr. Parkyn's home the police were offered a copy of the Bible, as Mr. Parkyn said the Sermon on the Mount contained some things that might be interpreted as forbidden by the order in Council. The police, however, left the Labor man in possession of his Bible.

### Brandon Labor Hall Visited.

Brandon, July 2.—The Trades and Labor Hall was raided last night by Royal Northwest Mounted Police, under command of Inspector French. The homes of three strike leaders also were visited. In the raids large quantities of literature and records were confiscated.

### Also Saskatoon Temple.
