

"REDS" ARE EJECTED BY CHURCH MEMBERS

Members of West Toronto's Ukrainian Church gave short shrift last night to three "Reds" who endeavored to introduce Bolshevik ideas into their gathering. One or two interruptions were endured by the congregation, but as appeals for silence were of no avail half a dozen men of the congregation organized a flank attack and threw them bodily into the street.

According to the police of No. 9 division the occurrence was reported to them by men of the congregation, but no request was made for the arrest of the disturbers. Plainclothesmen of the division did not know the names of the ejected disturbers, but intend hunting them up for future reference.

United States Congressman J. A. Hamill, who addressed the meeting, spent three months in Central Europe investigating the Ukrainian situation. He pleaded for recognition of the Ukrainian Republic by the allied powers and intervention to prevent any further bloodshed between Poles and Ukrainians. It was argued that the principle of self-determination should not be denied a nation of 45,000,000 people, and it was held that the Canadian Government had an interest in the problem, in view of the 350,000 Ukrainians resident in Canada.

Rev. Joseph Boyarcuk of Franklin avenue is pastor of the church.

HOSPITAL TO ASK GRANT.

In an effort to clear off its deficit the Hospital for Sick Children will shortly appeal to the City Council for a special grant, and to the public at large for subscriptions. The institution had, up to September 30 of this year, an overdraft of \$104,000, and the appeal contemplated is to cover maintenance charges only.

LABOR PLATFORM GIVEN.

Public ownership of the civic abattoir and the Toronto Street Railway System, the abolition of property qualifications, tax reform and the change of the date of the municipal elections from January 1st to the first Saturday in December with polling from 8 a.m. to 8 p.m., will be some of the planks in the program of the Labor party for the coming municipal campaign.

The Executive of the Labor Representation Committee met last night in the Labor Temple to decide upon a policy and decided to submit the above to a meeting of the party on Saturday.

"We have some important recommendations to make regarding the administrations of the public utilities mentioned and upon tax reform which we will present to the party," said Mr. J. W. Buckley, the Secretary of the committee. These recommendations, he declared, were the features of the party's municipal program.
