

# WOULD DEPORT OR MAKE THEM GOOD CITIZENS

## Veterans Pass Resolution Re- garding German, Austrian and Turkish Aliens.

### WANT UNNATURALIZED CITIZENS EXAMINED

By Canadian Associated Press.

**MONTREAL, March 26.**—The deportation of people of German, Austrian, Turkish and Bulgarian origin, whom it is impossible to assimilate as Canadian citizens, is demanded in a clause contained in a resolution relating to immigration, deportation and naturalization passed by the Great War Veterans' Association on the resumption of its annual meeting here this morning.

#### Should Be Examined.

The resolution, which will be submitted to the Dominion Government, suggested that all disfranchised aliens be given one year to dispose of their property, and also contends that all unnaturalized citizens should be examined before a properly constituted court, which will determine whether or not they are desirable citizens, so that the undesirables can be deported. The question of Orientals in British Columbia was also dealt with in this resolution and the Government is to be petitioned to make it impossible for them to own or lease land.

#### Want Trial By Jury.

A protest is also recorded against the deportation of British-born people domiciled in Canada, who may be charged with sedition, without trial by jury. The re-establishment committee brought in a resolution which provides for the naming of one delegate from each province to accompany the Dominion executive of the association to Ottawa to interview the Government and to submit the resolution passed at the convention.

#### Question of Co-operation.

It further recommended that all co-operation necessary be obtained and explained in this connection that "co-operation" meant that assistance from other soldier organizations could be accepted.

The motion to transfer the convention to Ottawa was dropped, as it will likely conclude its labors tonight or tomorrow. During the morning session, a Labor resolution was carried which demanded the appointment of two returned soldiers on the Civil Service Commission, that future appointments to Government positions be from the ranks of soldiers, and that all married women be released from Government employment.

#### Re-establishment Issue.

An addition to the re-establishment resolution dealing with such subjects as housing, life insurance, medical and dental service after discharge, war service gratuity and clothing allowances, was also adopted this morning.

Canon Scott, of Quebec, and C. E. Jeakins, Ontario, withdrew from the presidential election this morning.

#### Anger a Divine Instinct.

Speaking on the immigration and deportation motion, Canon Scott said in reference to his statement that he would not shake hands again with a German until an amende honorable had been made that anger was a divine instinct. It should not be used, however, for one's own selfish means. Before he could recognize Germans again they must give some

evidence that they were sorry for the things they had done.

Comrade Berry, of British Columbia, discussing the Oriental clause, explained that the Chinese and Japanese monopolized the fishing industry and no soldier could get a chance to enter it unless the Federal Government did something.

Col. De Salaberry, of Ottawa, contended that the jury system was quite adequate to deal with any case which might arise in Canada.

W. S. Woode, father of the Alberta bonus plan, this morning received a telegram from J. Harry Flynn, of the United Veterans' League, congratulating him upon the adoption of a concrete cash bonus proposition.
