Canadians

WANT TO BAR ORIENTALS
FROM OWNING PROPERTY

MONTREAL, March 26—Deportation of people of German, Austrian or Bulgarian origin, whom it is impossible to assimilate as Canadian citizens, is demanded in a clause contained in a resolution for the immigration department, passed by the Great War Veterans' Association on resumption of its annual convention here today.

To Examine All Aliens

The resolution which will be submitted to the Dominion government, suggests that all disfranchised aliens be given one year to dispose of their property, and also contends that all unnaturalized citizens should be examined before a properly constituted court which will determine whether they are desirable citizens. The question of Orientals in British Columbia was also dealt with and the government is to be petitioned to make it impossible for them to own or lease land.

A protest is also recorded against deportation of British-born people domiciled in Canada, who may be charged with sedition, without trial by jury. The re-establishment committee brought in a resolution which provides for naming ~~an~~ delegate from each province to accompany the Dominion executive of the association to Ottawa to interview the government and to submit the resolution. The motion to transfer the convention to Ottawa was dropped as it likely will conclude its labors tonight or Saturday.

This morning a labor resolution was carried which demanded appointment of two returned soldiers on the civil service commission, that future appointments to government positions be from ranks of soldiers, and that all married women be released from government employment.

An addition to the re-establishment resolution dealing with such subjects as housing, life insurance, medical and dental service after discharge war service gratuity and clothing allowances, was also adopted.
