

BACA solicits input on fixed link option

Submitted by BACA

During the July 25 meeting between Beaton Arm Crossing Association (BACA) and Ministry of Transport (MOT) officials, a number of ideas were exchanged regarding options that could be explored while looking for the best route possible for a fixed link crossing.

To this end we investigated a route on the

east side of the lake from Revelstoke to Arrowhead.

On Monday, August 15, the board of directors met to discuss the new route as well as many other issues.

We are now developing a business case which will compare all of the options available and recommend the best possible option for a fixed link. While the business case is being developed we will be having

a membership drive and will be asking for interested parties to provide us with letters of support. Also, if you have anecdotal incidents relating to problems with the current ferry service please provide us with written copies that may be used as attachments to the business case.

Memberships will be \$10 per year and can be obtained at Selkirk Realty.

Letters of support and anecdotal incidents

can be dropped off at Royal LePage Selkirk Realty on Broadway, or sent to Gene Nagy at 346 Donnelly's Rd Nakusp V0G 1R1 or emailed to gene@nagy.com

We will be keeping you posted as new information becomes available.

Secretary BACA

Reconnaissance, restitution et réconciliation

Lors des premières activités nationales d'internement au Canada en 1914-1920, des milliers d'hommes, de femmes et d'enfants ont été stigmatisés comme étant des « ennemis étrangers ». Plusieurs furent emprisonnés. Dépouillés du peu de richesses qu'ils possédaient, forcés d'effectuer des travaux difficiles dans l'arrière-pays du Canada, ils ont également été privés de leurs droits et soumis à d'autres censures sanctionnées par l'état – non pas à cause de quoique ce soit qu'ils avaient fait, mais uniquement à cause de l'endroit d'où ils venaient et de qui ils étaient.

En mai 2008, des représentants de la communauté ukrainienne du Canada ont conclu un accord avec le gouvernement du Canada qui a mené à la création d'un fonds de dotation pour financer des projets commémoratifs, éducatifs, académiques et culturels ayant pour but de rappeler à tous les Canadiens cet épisode dans l'histoire de notre pays.

Recognition, Restitution & Reconciliation

During Canada's first national internment operations of 1914-1920 thousands of men, women and children were branded as "enemy aliens." Many were imprisoned. Stripped of what little wealth they had, forced to do heavy labour in Canada's hinterlands, they were also disenfranchised and subjected to other state sanctioned censures – not because of anything they had done but only because of where they had come from, who they were.

In May 2008 representatives of the Ukrainian Canadian community reached an agreement with the Government of Canada providing for the creation of an endowment fund to support commemorative, educational, scholarly and cultural projects intended to remind all Canadians of this episode in our nation's history.
